Projects

Bookish, Full-Stack E-commerce Website

Web app built with CRUD functionality, secure payments, routes, noSQL database and OAuth to create delightful user experience for clients to easily look through the app and keep track of their cart

Special-Disco, Full-Stack Workout Tracker

Web app built with protected routes, context API, local storage and hooks that allows users to keep track of weekly workouts

Cautious-Octo-Train, Project Management Tool

Web app built to allow users to collaborate with each other, including a live chat function, to manage projects

Work Experience

Senior Audit Associate (Contractor) @

Buzzacott LLP

London, 10/19 - 12/21

- Planned and implemented strategies for audit engagements to prepare financial statements, audit opinions and recommendations
- Oversaw work schedules, guided and mentored new team members in SOPs, providing advice for complex accounting issues, in order to maintain agreed timelines
- Frequently performed analytical procedures to identify unusual or unexpected trends in relation to expectation and performance
- Key Achievement: Awarded 'All in Reward' for diligence and attention to detail

Assistant Auditor @ National Audit Office

London, 09/17 - 09/19

- Collaborated with the audit team and client to address queries and audit related activities in a timely manner
- Implemented data science skills to improve audit testing efficiency
- Detected internal control deficiencies and recommended necessary corrective measures

- Key Achievement: Member of the team which produced a report on Financial Sustainability of the NHS

Club President @ University of Bristol

Bristol, 05/14 - 05/15

- Implemented a new membership and coaching structure to allow players to progress and compete for the university
- Partnered with the university and local organisations to obtain additional funding
- Key Achievement: Awarded Gold Club Status
